Results-driven Front-End Developer with over two years of experience creating innovative user interfaces for enterprise-level applications. Skilled in Angular, React, and other web technologies. Bringing a diverse background including linguistics work with the Department of Defense, enhancing team collaboration and communication skills. Seeking opportunities to contribute expertise to a dynamic development team.

TECHNICAL SKILLS

Front End Development: Angular, Typescript, NGRX, RXJS, React, NextJS, Redux, JavaScript, jQuery, HTML5, CSS/SCSS, Tailwind CSS, Responsive Design, Ionic Mobile Development

Back End Development: Python, Ruby, Rails, Node.js, Express.js, MongoDB, SQL, OO Programming, RESTful API, Authentication

Tools & Methodologies: Git, GitHub, NPM, SCRUM, Agile, JIRA, Jenkins

DEVELOPMENT EXPERIENCE

Quality Assurance Analyst at Data Annotation, 04/2023 - Present

- Conducted thorough code checking and quality assurance for AI algorithms, ensuring accuracy.
- Helped train AI models, optimizing them for better data interpretation and decision-making capabilities.
- Collaborated with a team of developers and data scientists to create finely tuned datasets, contributing to significant improvements in algorithm reliability.

Freelance Web Developer, 02/2022 - 12/2022

- Spearheaded website development projects for various small businesses, enhancing their online presence and tailoring each site to the unique needs of the business.
- Collaborated closely with clients to understand their vision and requirements, ensuring their goals were met with high-quality deliverables.
- Managed all aspects of the web development lifecycle, from initial design and development to deployment and ongoing maintenance.

Front End Developer at Chubb, 02/2020 – 11/2021

- Implemented Angular and Typescript based software features for Chubb's client portal, employing agile methodologies, which led to a 23% increase in user engagement.
- Effectively collaborated with cross-functional teams, utilizing SCRUM methods, to ensure timely delivery of key features, enhancing project efficiency.
- Partnered with design teams and product owners to define and implement user-centric features, enhancing the user interface and experience.
- Managed and deployed changes to QA test environments, including SIT and UAT, ensuring high-quality deliverables and adherence to testing protocols.
- Played a key role in code releases, overseeing rollout and testing phases to guarantee smooth deployment and functionality.

EDUCATION

Flatiron School (2019): *React, Ruby on Rails Software Engineering Immersive.*

Soft Stack Factory (2017): *Web Development Fundamentals, Angular, MEAN Stack Coding Bootcamp.*

University of Alaska Fairbanks (2013 – 2016): *B.Sc. Mechanical Engineering, GPA: 3.52*
